

Feeding strictly prohibited!

Many animals have already died painfully due to improper feeding!

Bread, plastic bags, leftovers and similar cause deadly colics.

If you brought food for the animals, please throw it into the food box at the entrance.

Your donations will be sorted and fairly distributed to all animals.

Thank you for your understanding.

Please throw the food you brought into this box.

It will be sorted and distributed fairly.

Our favourite foods are:

Apples, lettuce, carrots and potatoes.

Bread and bread rolls cause us stomach ache!.
